New Resource: InfoTrac Newspapers

InfoTrac Newspapers is a database for searching full-text articles from a collection of over 400 sources from

around the world, containing complete coverage of *The Times (London)* from 1985-current, *Christian Science Monitor*, *Austin-American Statesman*, *Washington Times*, *Houston Chronicle*, and *The Financial Times* from 1996-current, as well as many more. Search articles by title, headline, date, author, section or other assigned fields. This database can be cross-searched with other Thomson Gale databases.

To access this database go to the library website, select databases and click on [InfoTrac Newspapers](#)

Library Class Schedule

Free classes on EndNote, Navigating Full-Text Journals, SciFinder Scholar-Chemical Abstracts and TOXNET are offered in the Library classroom.

For a complete list of classes, and to register, check the Library web site at: <http://resource.library.tmc.edu/class/schedule.php>
